## WOUND

wound specific, dual-layer amniotic patch designed for ease-of-use

### Q Code: **Q4169**

Artacent Wound® is a safe, natural biologic barrier that maintains the original powerful characteristics of amniotic tissue. The unique design of Artacent Wound allows for easy manipulation and repositioning, making it a flexible, dependable option for a variety of wound covering applications.

**EASE-OF-USE:** Can be placed on either side facing the wound, remains in place and doesn't require sutures.

**REIMBURSABLE:** Expert support to help you navigate the complex reimbursement process.

**SAFE:** Produced through Tides Medical's proprietary Artacleanse® process: strong enough to make a graft safe for implantation but gentle enough to maintain the natural biologic factors.

**FLEXIBLE:** Stores dry at room temperature with no need for refrigeration. Product remains safe and effective up to 5 years from date of manufacturing.

### ARTACENT WOUND PART NUMBERS AND SIZES
